

COVID-19 RESPONSE

iowa grocery industry
association

HEALTH & SAFETY UPDATE

The COVID-19 outbreak continues to be a rapidly changing situation, but as your local grocer, proudly serving our communities, we are working closely with our federal, state, and local and public health officials to make adjustments in our operations to ensure the safety of our customers and associates.

HERE ARE SOME BEST PRACTICES FOR EVERYONE:

WASH YOUR HANDS

Wash your hands with soap and water for at least 20 seconds and use hand sanitizer as often as possible. Avoid touching your eyes, nose and mouth. Practice good hygiene.

CLEAN AND DISINFECT

We are committed to regularly cleaning and disinfecting surfaces and objects that are frequently used or touched.

STAY HOME

If you feel sick or have symptoms related to COVID-19 such as fever, cough or trouble breathing, stay home and contact a healthcare provider.

PURCHASE ONLY WHAT YOU NEED

We are currently facing unprecedented demand for many commonly purchased items. We encourage all customers to remain calm and mindful as they shop. Please prioritize your most immediate needs and buy only what you need based on CDC guidance of couple week stay-at-home.

While you might find supply of some products low or temporarily out of stock at their stores, please rest assured knowing that we are maintaining close contact with our suppliers and partners throughout the supply chain and are working around-the-clock to keep shelves stocked.

THANK YOU!
