

Welcome to IGIA!

Thank you for your interest in joining the Iowa Grocery Industry Association. IGIA is your state trade association. We represent chain and independent supermarkets, convenience stores, wholesalers, brokers, manufacturers and distributors. Founded in 1899, IGIA has long served as the voice of Iowa's food industry, providing:

- Legislative support to protect member interests
- Resources to keep members informed about emerging issues
- Business-building volunteer opportunities and networking events
- Professional growth through education and training

When you become a member of IGIA, we go to work immediately connecting you to business-building resources and programs, diligently addressing your legislative and regulatory concerns, and rigorously seeking answers to your questions and solutions to help you overcome challenges. By working together and speaking with a strong, unified voice, IGIA members use the power of collaboration to build a positive business environment in Iowa.

"We feel like the value we receive from our IGIA membership is worth far more than the annual membership dues."

Scholarships

- Established in 1992, the Iowa Grocers Education Foundation scholarship program has awarded 1,500 scholarships, totaling more than \$2.2 million since 2001, paving the way for youth to achieve their ultimate career goals within and outside of the grocery industry.
- Members also can "piggyback" on the existing IGIA scholarship program to offer their own scholarships and avoid the expenses that go along with administering a scholarship.

Volunteer opportunities and networking events

Attending an IGIA event or joining one of IGIA's various committees is a great way to make connections that can pay off for your business. Attend one or all of six annual IGIA networking events or choose to serve on one or more IGIA committees (listed on the next page).

"The IGIA Women's Network affords our female members an opportunity to meet on a regular basis to network, to take part in educational and personal development opportunities, as well as to promote community involvement."

— Roxanne Kanne-Roush

"Participating in the Piggyback Scholarship program through the IGIA is a great way not only to promote post-secondary education but to encourage students to stay in this industry after graduation"
